Kavindu Pieris,
Project Manager,
SLIIT Academy (PVT)Ltd.

Granting Permission and Specifying Requirements for Develop Web Application and Image Processing System for Sipsara Communication.

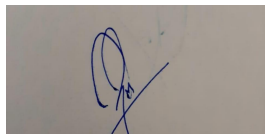

I'm Daminda Fonseka, and I'm reaching out to you on behalf of the owner of Sipsara Book Shop And Communication. I am writing to grant permission and to specify requirements for our company's Web Application and Image Processing System.

We decided to assign this project to the team after our first meeting with this group (01/02/2022). Web application and image processing systems aid in increasing efficiency of recording inventory items. Because of the busyness of my business I got large no of invoice per month, therefore I have to manage my time with recording product details in excel manually. As discuss in meeting your system will automate and increase efficiency of my business.

1. The proposed project one main deliverable with the following main features:-
2. Owner can logging system.
3. Owner can capture image of one or more invoice and upload to system.
4. Can download excel sheet contain product details of scanned invoices.

The discussed timeframe allocated for the project **10 weeks** (to be complete on or before 08th of June 2022)

Sincerely,

Daminda Fonseka,
(07/02/2022)
Owner,
SIPSARA Bookshop.
